TADÉ MÉDITERRANÉE

Natural & Authentic Collection

Tadé was born of an encounter, the meeting between Thaddée de Slizewicz, a geographer with a passion for history, and the Levantine Mediterranean, the crossroads of civilisations. On its fabled shores, he discovered the benefits of a timeless way of life and beauty.

This original passion is the hallmark of Tadé, which has been ceaselessly exploring new territories on these banks of the "Mare Nostrum" to enrich its offering since it was founded in 1995.

Body care, cosmetics, fragrances, bath towels and decorative objects: the Tadé world is distinguished by naturalness, well-being and elegance.

Hammam Essential
