THE HOUSE IS FREEDOM  
SPACE. PLENTY OF SPACE.

Less means more. Minimalism can be refined and elegance might be austere. PURE line is the beauty of wood in its pure form. Straight lines and the economy of form are dedicated to modern, almost industrial interiors. Metallic elements evoke the thought of lofts' finish.

# GLAMOUR

THE HOUSE IS ME.  
MY WORLD.  
MY DREAMS.

Classical solutions do not have to be boring. Gold accent provides GLAMOUR line an architectural immortality. The ascetic line in a combination with a decorative element is dedicated to elegant and timeless spaces.

# LOVE

THE HOUSE MEANS INTIMACY, DETAILS AND HARMONY.

Unobtrusive harmony is the hallmark of a good taste.  
In the LOVE line it is hidden in mouldings which refer  
to French stuccos and reliefs. This light and pure form is dedicated  
to some spacious interiors, which gets even more  
romantic in nature.
